

In February we celebrated the grand reopening of “La Casa della Bibbia” (The House of the Bible), a Christian bookstore managed in partnership by several growing Evangelical churches in Genova. This is a milestone for the community of Christ followers in this city. The bookstore is supported by volunteers from all of the partnering churches. The new location is strategically located in a central area of the city near public transportation, businesses, and family homes. The churches in Genova have opened this bookstore with plans to share God’s Word and God’s love with the community and offer a place for relationships to form and grow.

In the weeks leading up to the grand reopening of the bookstore, many of the local church leaders in the city encouraged their people to attend the event and invite their friends. On

the evening of the celebration the local pastors, including Mihai at the invitation of local pastors, blessed the bookstore with prayers, songs, and proclamation of God’s Word over the new venture. The leaders of the churches in Genova are united in the work of the Great Commission — they are committed to seeing their city transformed one life at a time. After the grand reopening event, the leaders invited us to join them in coming together for a dinner celebrating the fruits of their unity in their community.

The unifying purpose of the bookstore is to create a “third place” that brings the church and the community together. Before inviting a friend or neighbor to church, Christ followers in Genova are excited to use the bookstore as a neutral and open meeting place for everyone. Tammy will be volunteering at the shop at least once a week. It is an opportunity to serve alongside other members of the community and practice language. We are looking forward to serving in this ministry as it blossoms into a vibrant place to share life, love, and laughter.

Please join us in supporting this exciting new place in prayer! Because of partnership ministries like this, our hope for revival in Europe is growing! We are so thankful for you and your faithful care for us and the people around us!

*Mihai & Tammy*
